We extend a very special welcome to our new parents who have joined us for the first time. We consider it an honor and a joy to have you join our large and supportive Raphela Family. We are confident that working together, we can build a supportive and motivating environment where the potential of our children can flourish.

HERE IS WHAT HAS BEEN HAPPENING AT OUR SCHOOL

EXPLORING FUTURE DREAMS: OUR CHILDREN'S AMBITIONS

These weeks have been exciting as we delved into the dreams and aspirations of our young stars. We asked them to think about their future professions, and the responses we received were nothing short of inspiring. Our children, brimming with potential and enthusiasm, shared their dreams with us. Some envision themselves as pediatricians, eager to nurture and heal the little ones. Others are determined to become brilliant criminal lawyers, fighting for justice and fairness in our society. We also have corporate lawyers, ready to navigate the world of law and business, our future architects, who are already sketching out blueprints for magnificent structures, teachers ready to take on the mantle from their teachers.

What's heartwarming is the determination in their eyes and the belief in their hearts that they can achieve these dreams. It's a beautiful reminder of the importance of nurturing their ambitions and providing the guidance they need to reach for the stars. As we commence the new term, we are keeping these aspirations in our mind. It's our duty to support and encourage our children to aim high, work hard, and stay focused on their goals. Together, as a community, we can help them turn these dreams into reality.
