## MESSAGE FROM THE ADMINISTRATION

As we conclude this week on a high note, we're thrilled to share that we have successfully completed our end-of-term examinations with diligence and determination. Our theme of the week has been healthy eating and its impact on overall well-being. Through interactive lessons and discussions, we emphasized the importance of making nutritious choices for a healthier future. In addition, our habit of the week, "Put First Things First," has been actively integrated into our daily routines, teaching our children the art of prioritization.

In partnership with a team from the Omuti Initiative led by Mr. Moses Tusiime, we took a significant step towards environmental sustainability by planting fruit trees around our school garden. This initiative not only enhances our surroundings but also fosters a sense of responsibility for our planet among our children. We extend our sincere appreciation to the Omutti Initiative Team for donating the fruit trees and the help as we did the planting.

# THE RAPHELA BASKET BALL CLUB

This week, we shine the spotlight on our dynamic Basketball Club, a hub of energy and passion for the sport. Our young athletes have been dribbling, shooting, and slam-dunking their way to fun and fitness. Led by dedicated coaches, the Basketball Club not only hones athletic skills but also instills teamwork, discipline, and a healthy competitive spirit.

Through spirited matches and skill-building drills, our budding basketball stars are learning the art of precision, coordination, and strategy. Beyond the court, this club fosters camaraderie, friendship, and a sense of achievement. These experiences contribute to holistic growth and development, teaching invaluable life lessons.

**"Success is no accident. It is hard work, perseverance, learning, studying, sacrifice and most of all, love of what you are doing or learning to do."**
